

# **The Catholic Women's League of Canada**

**To:** Provincial Executive

Date: June 11, 2021

**Christian Family Life:** Marielle Rigaux

## **Activity Report**

In the past two years I have passed on the Communiques from Pat Deppiesse my National counterpart. I have written my own communiques with information that pertains to our 3 dioceses.

Because of Covid-19 we are unable to attend any events, meetings and even mass.

I have attended all the "virtual meetings".

In the year of St. Joseph (my Moms patron St.) I had added him to my nightly prayers 2 yrs. ago. This request came from our Spiritual Development-Con Marks.

The "March for Life" was canceled for the last two years but you could take in the virtual March from Ottawa.

Abortion rates have jumped significantly in England & Wales. In Canada the numbers have remained the same for the last 10 years. ( close to 100,000 per year)

In Canada "Euthanasia" has increased 35% in the last year. Where is the outcry? The President of Malta stated that he would "rather resign than sign an abortion bill". Obviously our

Catholic Prime Minister doesn't uphold that same moral stance as he supports feminism.

In May I spent two days online with the virtual presentation of "Canadian Sexual Exploitation Summit: Disrupt the Demand" . These presentations were all pre-recorded so I could watch as many as I was interested in. From porn rings, to sexual grooming, to the selling of children, it breaks your heart to know that there are people everywhere who don't have a moral compass.

I have received a request from Life Vision. They are in need of diapers, formula and pre-natal care for one woman and are praying for another who is considering abortion.

Take care everyone, get your shots in and pray. St. Michael is the patron Saint that fights evil in our world and helps keep us safe.

Marielle Rigaux
