

Dear \_\_\_\_\_:

Congratulations for accepting the challenge, and thank you for having served on the \_\_\_\_\_ Diocesan Council of The Catholic Women's League of Canada for the term \_\_\_\_\_!

As you well know, serving on diocesan council is not about power or prestige, it is about service. It is about believing in The Catholic Women's League of Canada strongly enough that one takes personal responsibility to ensure that the ties that bind are not broken! How could almost \_\_\_\_\_ women across Canada be connected and achieve what we do, if we did not have a diocesan and provincial council to keep us connected to our national council?

At our \_\_\_\_\_ annual convention, elections for a new diocesan executive will be conducted. I encourage you to again let your name stand for nomination. You are a woman who has the gifts and leadership skills to continue to build up the League by serving on the diocesan executive.

Your commitment to serving on diocesan council is a two-year term that would require attending, executive meetings and annual convention each year. You would be required to issue communiqués and an annual report. As part of the executive you could participate in other diocesan events throughout the year.

We urge you to give serious and prayerful consideration to again accepting nomination for election in this year's diocesan elections.

**THE LEAGUE NEEDS YOU!**

May Our Lady of Good Counsel guide and inspire you! May you feel called to say 'yes' in faith!

Blessings,

\_\_\_\_\_
